To the moon

Bicycle bye cycle

a circle in the sky

Around the moon

Bye bye bicycle

i'm a biker

where's the moon ?

look

I turn around the world

To find the moon

Driving with my friends

On the roads in USA

Toward the moon

The line right in front

To Freewheel down

Go to the moon

My motorbike name's

"NOBODY"

Here's the moon

Around the circle

A round a circle

Just here
